Logo Usage

Do not create Logos in any other single colour other than the ones shown in this guideline.

Only use National Blue, Centre Blue, Research Red, Method Yellow, Black or White.

Do not use the full colour logo on any dark colours or similar colours to the logo.

Always maintain maximum logo visibility.

Do not stretch, crop, squash, reconfigure or change the Logo artwork in any way.

Only use master Logo artwork.

Do not place the logo on a busy background where visibility is compromised.

Find or create a clean corner of the image to place the logo.

Exclusion Zone

There must always be a minimum clear zone around the logo to maintain visibility of the brand. The size of the clear zone is defined by the height of the 'N' from NCRM in the logo.
